

The idea of a journal that would promote research activities and education in the field of regional studies was born in the region of Mazovia back in 2005. This idea was supported by the Regional Assembly and decision was made that the Mazovian Office for Regional Planning would assume the role of the journal's publisher. Regular publication of the journal started in 2008. The journal has been published as a six-monthly.

„MAZOVIA Regional Studies” is registered in the National [ISSN](#) Center under the number [ISSN](#) 1689-4774. The on-line issues have [ISNN](#) 2543-4373.
