

A handy glossary that explains difficult terms and abbreviations used on the site.

<b>Definition, shortcut</b>	<b>Explanation or description</b>
Affiliation	Indication of the scientific unit as the location of the scientific research, the result of which is the basis of the publication. The affiliation is made by the author of the publication, placing the name of the scientific unit next to his name in the publication.
DOI	Digital object identifier (DOI) - An identifier for an electronic document that, unlike URL identifiers, does not depend on the physical location of the document, but is permanently assigned to it.
ISSN	International Standard Serial Number (ISSN) is an eight-digit unique identifier for traditional and electronic serial publications. It is based on a similar concept to the ISBN for books and ISAN for audiovisual material. Some serial publications are assigned both an ISSN and an ISBN.
MSR	Mazovia Regional Studies (polish Mazowsze Studia Regionalne) - an abbreviation of a periodical published by the Mazovian Office of Regional Planning.
