We were saddened to learn of the death of Prof. Bogdan Ney. He passed away not only an authority in the field of geodesy and cartography, but also in the field of spatial management. In 2004, the Professor was appointed by Adam Struzik, Marshal of the Mazowieckie Voivodship, as a member of the Provincial Urban Planning and Architectural Commission, and in 2010 as its chairman.

[Profesor Bogdan Ney - WspomnieniePobierz](#)
